Health & Safety

Health Appraisals:

All children are required to have a completed Health Appraisal Form with all immunizations up-to-date. Health appraisals need to be updated at kindergarten and 6th grade. A Health Appraisal form must be returned within 30 days of registration. School Health Forms are also accepted.

Illness:

If your child should become ill while in our care and our staff person thinks that your child should go home, you will be contacted immediately. Should we be unable to reach you, we will contact the emergency numbers listed on your Emergency Contact Form. If we suspect your child has a communicable disease (i.e. chicken pox, pink eye, head lice) we will require a physician's note to return to the program.

Children should not attend SACC if they are experiencing any of the following:

- A temperature of 100 degrees taken orally/axially
- Repeated episodes of vomiting or diarrhea
- Obvious symptoms of a communicable illness, in which case we should be notified immediately.
- Severe nasal and chest congestion and a cough that interferes with daily activities.
- Behavior indicating pain or distress

When an illness such as diarrhea, vomiting or fever requires exclusion, we ask that your child remain home until he/she has been symptom free for 24 hours.

Medication:

For safety reasons children are not allowed to keep any medication in their possession. Please give any medications (including cough drops) to your child's counselor upon arrival at facility. All medications, including over the counter brands, must be in its original container and include a pharmacy label with the child's name, current date, and dosage amount. **Be sure to complete and sign the medication log. We are not permitted to give medication to children without your authority.** Please make sure the dosage is clearly stated on the medication log and on the container itself.

Emergency Procedures:

For your child's safety and protection, there is at least one staff member who is trained in First Aid for children in accordance with the State of Pennsylvania's regulations. In the event of an accident that creates a need for medical attention, we will proceed as follows:

For immediate medical treatment:

A staff member will call 911 and request emergency assistance. If necessary, your child will be transported to the nearest emergency center by the dispatched ambulance. Parents will be contacted immediately. If parents are unable to be reached, your emergency contacts will be called. Within 24 hours, the staff member will complete an incident report stating the details of the situation.

If a less serious incident occurs:

A staff member will administer First Aid on site and Parents will receive an incident report stating the details of the injury.

Insurance:

Participating parents should be responsible for accidental insurance. The Suburban North Family YMCA carries liability insurance.
